SR-11 atomizer features 5.0ml huge liquid capacity, it can handle up to 120w and bring you with massive cloud of vapor. The special structure design for SR-11 atomizer in order to increase the capacity. SR-11 atomizer the exterior looks elegant and fashion.

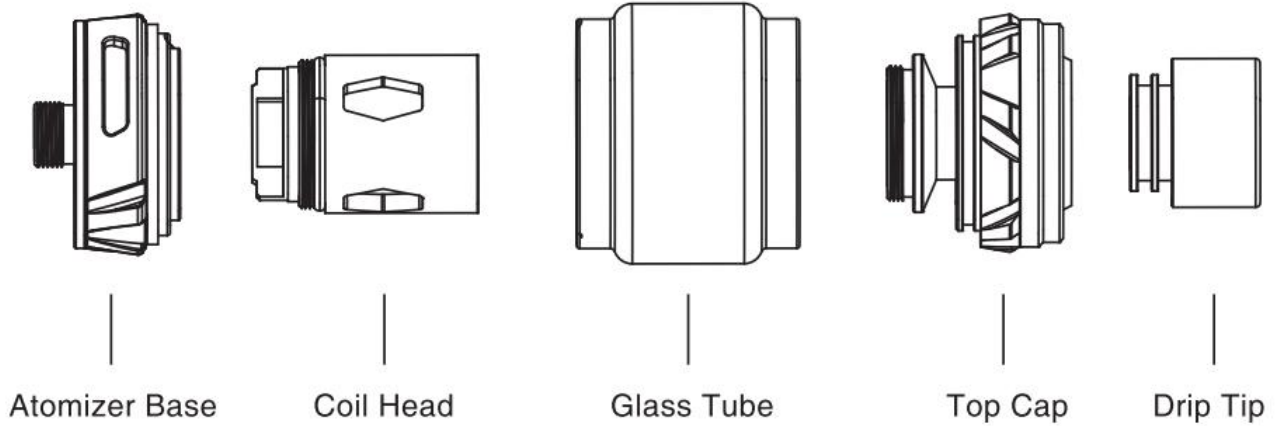

Standard Configuration

1x SR-11 atomizer
1x 0.15 core(Pre-installed)
1x user manual

1x Replacement glass tube
1x 0.12 core(Spare parts)

How to assemble

- 1.First mount the SR-11 core on to the atomizer base;
- 2.Then put together base,tube and drip tip;
- 3.Finally assemble SR-11 atomizer and power supply together.

How to fill with e-liquid:

- 1) Hold the atomizer with one hand,and use another one to slide top cap.

- 2) Add e-liquid through the slot,and pay attention not to drip in into the central airflow tube.

3) Close the cap carefully and firmly. Then let it stand for several minutes to get the organic cotton completely saturated.

4) Replace atomizer core: Firstly, screw the drip tip and top cap off the tank; then screw the atomizer core off the base part, and replace with a new one.

Control air input:

Rotate the bottom adjustable airflow system to control air input. If you need any additional information or have any questions about the products or its use, please contact your local agent .

Adjustable Airflow Ring

How to adjust airflow

The amount of airflow can be adjusted by rotating the airflow control ring on SR-11 tank standard base so as to get different vaping experiences.

Precautions

1. Only have your atomizer repaired by ATVS. Do not attempt to repair the unit by yourself as damage or personal injury may occur.
2. Do not leave the SR-11 atomizer in high temperature or damp conditions, otherwise it may be damaged.
3. Do not attempt to combine the SR-11 atomizer with parts from other brands of e-cigarettes. If it is damaged in this way, our company will not take on responsibility and your warranty will be void.
